Sir:

RENEWED PETITION UNDER 37 C.F.R. §1.47(b)

The present application was filed in the USPTO on February 28, 2005.

On March 22, 2005 the undersigned attorney sent: (i) a declaration and power of attorney document and (ii) an assignment document to outside German legal counsel for the true owner of the present application, Harman Becker Automotive Systems GmbH of Karlsbad, Germany. These documents identify the residential address for each of the inventors, based upon information provided by outside German legal counsel for the true owner of the present application.

Following several reminders, the outside German legal counsel informed the undersigned that the (i) declaration and power of attorney document and (ii) the assignment document had been forwarded to Harman Becker Automotive Systems GmbH for the inventors to sign.

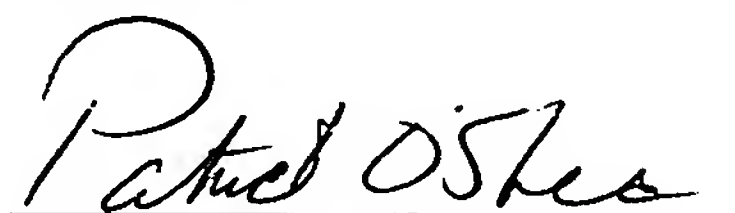

After several reminders to personnel at Harman Becker Automotive Systems GmbH regarding the need to submit the declaration to the USPTO on or before April 5, 2006 in order to complete the application filing process, the undersigned had not received the formal documents.

On April 5, 2006, the undersigned submitted a Petition Under 1.47(b). On August 3, 2006, the Petition was denied. On September 27, 2006, the undersigned sent a letter to German counsel to send to the inventors along with the Declaration and Power of Attorney documents. A copy of the letter is attached. On October 23, 2006, German counsel mailed the executed Declaration and Power of Attorney and Assignment documents to the undersigned. The executed formal documents are enclosed herewith.

A check for a two-month extension of time is also enclosed extending the response period to December 3, 2006.

If a telephone interview could assist in the prosecution of this application, please call the undersigned attorney.

Respectfully submitted,

Patrick J. O'Shea

Dear Tim:

Attached please find a body of a letter compliant with the rules of the United States Patent and Trademark Office (USPTO) regarding the showing necessary to demonstrate that the inventor has been contacted at his last known address and has not signed the formal documents although he had a legal obligation to do so. The letter should be sent via overnight mail such that there is proof that the document was sent to the inventor's last known residential address. Please note that we would like to file the renewed petition with the USPTO on or before November 3, 2006. However, extensions are available.

We look forward to hearing from you.

Very truly yours,

O'SHEA, GETZ & KOSAKOWSKI, P.C.
